DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-2 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recitation of "a shortest path between the mating contact and the conductive portion" is ambiguous. The claims will be examined as best understood by the examiner.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Bellamy et al (US 4,747,783).

Bellamy et al disclose a connector assembly comprising:

a first electrical contact (11);

a second or mating contact (19);

Art Unit: 2833

the first electrical contact having a conductive portion (11) and a resistive portion (13), the resistive portion exposed for direct engagement with the second contact, and in direct contact with the conductive portion (See Figure 1).
